Hi Dave:

I had contacted you last week in regard to the Bay County Apportionment Plan. Have you received the documents for processing? Secondly, our shape files would have followed a couple of days after the printed materials. Can you confirm all is in order? Thank you. CL

Cindy,

I'm very sorry to get back with you this late. I received and reviewed your Apportionment Plan last week, and everything looks great. I received your shapefile this morning with no problems. All's in order, and thanks for do such a thorough job. If you have any other questions or concerns please feel free to contact me.
